Quality House Lasting Quality Tableware

Royal Porcelain Products

Royal Porcelain, an internationally popular brand of refined ceramic tableware ranges, available in many interesting shapes and attractive patterns, equally suitable for the home or professional hospitality environment. It has a smooth surface that is durable, lightweight and does not absorb water.

Royal Fine China is the sister brand to Royal Bone China with a similar beautiful translucency. The designs are distinctive and modern with a special strength quality due to the added component of Alumina.

Royal Bone China is a prestigious brand of beautiful translucent ceramic tableware, enhanced with sophisticated designer shapes, patterns and colours. Delicate to the eye and to the touch but durable and does not absorb water.

Comparison of attributes:
